

Subject	% Done	Due date
PTask112	<div><div></div></div>	13 Apr 2022
PTask12	<div><div></div></div>	13 Apr 2022
PTask1	<div><div></div></div>	15 Apr 2022
PTask11	<div><div></div></div>	20 Apr 2022
PTask3	<div><div></div></div>	25 Apr 2022
PTask3	<div><div></div></div>	30 Apr 2022

I use a filter (i will upload Image) with a tracker (task and plan) to show the subject and %Done and due date, I want to add new columns plan id and plan %Done, if we can show %Done as a percentage it will better.

example :

task subject	task %Done	task Due date	plan id	plan %Done
PTask112	30%	13 apr 2022	#5666	80%
